Stocks Confidently; Pressure Applied.

Note — Quotations reflect closing sales Wednesday, March 25,

Note — Quotations Felievi Cossas, Wednesday, March 25.—Stocks sagged slowly today after making slight gains at the outset. The turn in the market was influenced by the appread of liquidation in the industrial shares. The professional traders were bearish and sold stock confidently. Pressure was applied steadily to the steel stocks because of unfavorable reports of conditions in the steel trade.

Poor calironal reports for February and the reduction in dividends on Pittsburg. Chicago, Cincinnail and St. Louis, had an adverse influence on railroad stocks, Pittsburg. C. C. and St. Louis band, fell more than a point. Cora products issues met with support after their early slump and the preferred recovered 2%.

Bends were heavy.

The slump in Pittsburg, C. C. & St. Louis reached 13 points, and the eastern trunk line shares and coalers were unloaded freely after noon. The liquidation of speculative account and broad professional selling carried down the whole list sharply.

Prices stopped failing when Pittsburg. C. C. & St. Louis racked 10 book again, following the dismal comments by trade papers of conditions in the steel industry.
